What do our Customers say?

“AIB (GB) originally stepped in to arrange financing of an acquisition at a late stage when another bank pulled out during the financial crisis in 2008. Their support and attentiveness has never wavered since. Keen to understand our business at strategic as well as operational level, they remain flexible in their loan facilities to suit the needs of our business as we grow organically as well as by acquisition.”

What do our Customers say?

“Extremely friendly commercial service with a good relationship manager to discuss business needs. Telephone contact with the branch on day to day banking is also superb, especially when compared to other banks.”
