Charges Explained

Monthly Account Charges

If you maintain a cleared credit* balance on your Account during the charging period (the 16th of every month, until the 15th of the following month), the charges in this section will not apply. If your account goes overdrawn, whether arranged or otherwise at any time during the relevant charging period, then the following charges will be calculated and charged to your account on the 15th of every month. If the 15th falls on a day which is not a banking day, we will debit your account on the previous banking day.

We will advise you of the amounts due, if any, prior to your Account being debited. This gives you the opportunity to ensure that you have sufficient cleared funds in your Account to meet these charges. Other charges, as listed in this leaflet, are due at the time the service is provided.

* Cleared credit balances exclude items, such as cheques, lodged to your Account, for which the Bank has yet to collect value. See Personal Banking Service Terms & Conditions.

Debit Interest

We will charge debit interest if your account balance goes in excess of the £200 interest-free limit within your arranged overdraft during the charging period.
